35% OFF Every part marked ■ is on sale during the **Winter Prep Sale**. Shop at **thespraymarket.com** or pick up in Brooklyn or Bridgeport.

DONE	TASK	PARTS
1	**DRUM CARE**	
☐	Store drums on pallets, off concrete, in a warm space.	
☐	Warm drums slowly with a drum heater. Never use open flame.	■ **Power Blanket drum heater, Lite** SKU 57520
☐	Use oldest stock first.	
2	**RIG**	
☐	Check throat seal fluid. Replace if dark or cloudy. Change the ISO pump lubricant before the cold sets in.	■ **DOP ISO pump lubricant** SKU 252670
☐	Recirculate chemical to bring it up to temp before spraying.	■ **Graco Reactor circulation kit** SKU 246978
☐	Check truck insulation and door seals.	
☐	Park the rig in a heated space overnight when you can. If you have a heater, use it for the truck.	
3	**HOSE**	
☐	Check hose for cracks, kinks and damage.	
☐	Replace worn scuff jackets.	■ **Graco scuff jacket, 50 ft** SKU 246078
☐	Wrap exposed runs to hold heat.	■ **Insulated hose wrap, 50'** SKU 60533
☐	Test every heat zone, the whip hose and wire connectors.	■ **Graco connector wire, 6AWG** SKU 261821
☐	Coil hose loosely and keep it warm.	
4	**COMPRESSOR**	
☐	Drain the tank after every shift.	
☐	Service the air dryer - **Jet Pack**	■ **Dry air dryer full service kit** SKU 60480
☐	Fit an auto drain so water never sits in the tank.	
5	**GENERATOR**	
☐	Switch to winter-grade oil.	
☐	Test the battery. Replace if weak.	
☐	Keep a trickle charger on it overnight. Can be plugged in together with the overnight heater.	
☐	Top up coolant rated for winter.	
6	**TRUCK HEAT**	
☐	Set up a safe overnight heater in the truck.	
☐	Install a CO detector.
